## ~ August 2011 Specials ~

U.S. Military Pouches of Granola w/Milk & Blueberries or Granola w/Milk & Bananas.

**This is a great product!** Dehydrated Granola w/Milk & Freeze Dried Blueberries or Bananas. We just received a brand new Government overrun of 36,000 of these fine ration components that were manufactured and packed within the last 4-5 months. These Granolas are U. S. Military Spec packed in Mylar type pouches with an oxygen absorber for long term storage. In my opinion, this is one of the better component items in our current U. S. Military Combat Rations which are in high demand.

These Granola w/Fruit Pouches are a great item for snacks, camping and backpacking, but they are really a great addition to your Bug Out Bag or Survival Rucksack (large pack). These pouches only weigh a couple of ounces but they yield 1/2 - 2/3 cup of fresh product with the addition of 2 - 4 oz. of cold water.

### 60 Pouches of Granola per case

- 1 case = \$119**
- 2 cases = \$223 (save \$15)**
- 3 cases = \$330 (save \$27)**
- 5 cases = \$535 (save \$60)**

When light weight, compactness, high energy and quick preparation is needed, this is the answer.

Yields 4-6 ounces of Granola w/Blueberries or Bananas

Don't miss out! Order as many cases as the budget allows today, these will go fast and we don't know when we will see them again.

At these prices we are not able to mix cases but please take advantage of our multiple case discounts so be sure to order plenty and get some of both the Granola w/Milk and Freeze Dried Blueberries and the Granola w/Milk and Freeze Dried Bananas.

I almost forgot to mention, when you purchase 3 or more cases on the same order we will also throw in a copy of Cresson Kearney's superb manual "Nuclear War Survival Skills"; the standard text on this subject available which in the past normally sold for \$19 - \$25; yours FREE.
